Accessories

Hold down kits and terminal adapter kits

ODYSSEY[®] batteries are designed and built to withstand vibration that can quickly weaken and destroy a conventional design battery. Now get the ODYSSEY Battery Hold Down Kit, custom designed to keep your battery in place, no matter how rough the ride.

Custom made for a range of ODYSSEY batteries, the ODYSSEY Battery Hold Down Kit features a brushed aluminum finish that demonstrates style and function.

- Enhances under-hood appearance
- Prevents battery movement in any configuration and/or location*
- One-year limited warranty protects against manufacturing defects
- Designed and precision-machined exclusively for ODYSSEY batteries

*Vehicle attachment hardware not included
